### ***Inspection Report*** - *The following information provides a formal record of the above inspection.*

---

1. Extractive emissions monitoring was being undertaken at the time of the inspection.  
No deviations from the monitoring plan were noted and all cremations were running as expected. I look forward to receiving the emissions test report.
2. CEM monitoring reports continue to be received in a timely manner.  
Some secondary combustion chamber temperature excursions are noted, however a commentary as to the reasons for those excursions is provided.
