### LA-PPC Inspection Report

#### General Information

<b>Inspection Type</b>	Check Inspection
<b>Local Authority</b>	Harlow District Council
<b>Site Name and Address</b>	Tarmac Trading Limited, Station Approach, Harlow Mill, Harlow, CM20 2EL
<b>Installation Type</b>	PH3/15 (12) Road Stone Coating
<b>Permit Reference</b>	EPR/3.15/V5/Tarmac
<b>Site Representative</b>	Paul White
<b>Inspection Date</b>	03/02/17
<b>Report Date</b>	28/02/17
<b>Duration of Inspection</b>	2 Hours
<b>Regulator</b>	Harlow Council, representative; Steven Adams

<b>Inspection List</b>	<b>✓, x or N/A</b>	<b>Condition or observation details</b>	<b>Action Required</b>
<b>No visible emissions beyond site boundary</b>	✓	No visual emissions beyond the boundary during inspection.	None
<b>Recycled asphalt pavement containing coal tar identified and stored separately from other asphalts and processed only using cold methods</b>	✓	The RAP is added to the hot asphalt following a written procedure to ensure that monitoring for coal tar is not permitted on site.	None
<b>Dusty materials including waste stored in suitable 3 sided storage bays? Suppression management techniques employed to minimise dust emissions?</b>	✓	Yes	None
<b>Sand and fine aggregates under 3mm stored in 3 sided bay with a roof</b>	✓	Yes	None

<b>Vehicles carrying dusty products fully enclosed/sheeted when arriving/leaving site?</b>	✓	Yes	None
<b>Onsite roadways? Consolidated surface? In good repair and kept clean?</b>	✘	The current consolidate surface is in poor repair, inadequate drainage and not capable of being cleaned resulting in tracked material transferred to the highway.	Roadways in normal use and any other area where there is regular movement of vehicles should have a hard surface capable of being cleaned or kept wet. They should be kept clean or wet, in order to prevent or minimise dust emissions. They should be adequately drained to avoid ponding of water. They should be kept in good repair.
<b>Housekeeping and spillage management</b>	✘	There are areas around the plant with significant spillages accumulations of spilt dust and tarmac.	Spillages should be regularly removed by a cleaning operation.

End

Dear Paul White

**Environmental Permitting (England and Wales) Regulations 2010  
Tarmac Trading Limited, Station Approach, Harlow Mill, Harlow, CM20 2EL**

As part of our permit compliance inspection program I wish to confirm my visit on the 3<sup>rd</sup> February 2017 to the above premises.

I would like to take this opportunity to thank you for your assistance during the inspection.

Please find enclosed a short check inspection report for the above installation.

Please do not hesitate to contact me should you wish to discuss this matter.

Yours sincerely

Steven Adams  
Senior Environmental Health Officer
