

Public Responses to Stage Two of the Polling Station Review 2019

Current Polling District	Current Polling Place used	(Acting) Returning Officer's Proposed Polling Place	Public Comments	
AB – Bush Fair West	William Martin School	St Stephens Church	1 response	The school made arrangements for the nursery to be used. The parking opposite the school will not be lost due to the Bushey croft development, plans show the provision will remain and be enhanced.
BA - Church Langley East	Henry Moore Primary School	Church Langley Community Centre, except for UK Parliamentary Elections / Referendums where it will be Henry Moore Primary School	1 response	Supportive of the decision as it will provide much less disruption for the pupils however would like consideration given to using Church Langley Community Centre for Parliamentary and Referendum elections as well. Several comments made by Church Langley Ward Councillors - see attached sheet
HB – Old Harlow West	The ABC Centre	A new polling district will be created comprising of Newhall – HC Old Harlow South and we plan to use Newhall Primary Academy as a polling station, subject to agreement with the Academy trust. The ABC Centre will continue to be used for HB polling district.	6 responses	3 in support - Current station is too far away and results in people not being able to get there and vote. 3 in opposition - putting children at risk, disruptive if school closes.
